LETTER TO SHAREHOLDERS FROM THE CHAIRMAN OF THE BOARD

Dear Shareholder:

2022 was truly a pivotal year for Ascot. Most important was our announcement on December 12, 2022 of the C\$200 million re-financing package to enable construction to resume. I am happy to report that very quickly after closing the financing, crews returned to work and were able to continue the tasks inside that were able to be accomplished during the winter.

In spite of the slowdown in construction during the re-financing negotiation period, the Company was still able to make significant progress on the Premier infrastructure, and also advance the initial underground development 950 meters into the Big Missouri deposit. As the snow melts, attention will turn to those tasks which are outside, such as the tailings pond, diversion channel, and water treatment plant.

The financing package of C\$200 million consisted of US\$110 million gold and silver stream from Sprott Resource Streaming and Royalty Corp. and strategic investment by Ccori Apu S.A.C. of C\$45 million which when combined with Canadian Development Expenditures flow-through shares totalled C\$50 million. Ccori Apu is a Peruvian company with an interest in a major high grade gold mine in Peru. As part of the investment agreement, Ccori Apu had the right to appoint two individuals to the board and named José Marún and Stephen Altmann as their candidates. These individuals were appointed and welcomed to the board. Two directors, Ken Carter and Jim Stypula, voluntarily resigned to maintain the board at seven. I would like to acknowledge the contribution of Jim and Ken over the past years and note that Ken served on the board for 28 years and Jim was instrumental in engaging new management in 2007 to run the project.

This year, we first drilled the Sebakwe zone and our results included 193 gpt Au over 1 meter and 11.83 gpt Au plus 56.3 gpt Ag over 2.73 meters expanding the zone to 350 meters. We view this zone as attractive because of its location. Further drilling is anticipated to be conducted this summer. As the snow melted we were able to get further up the hill and target the Big Missouri zone where we plan our first mining stopes. Results included 32 gpt Au plus 22 gpt Ag over 10.7 meters and 71 gpt Au over 2.0 meters and our fourth highest grade intercept ever (488 gpt Au over 1.0 meter). Our results strengthened our confidence we may find additional resource outside our existing resource model. Nearing the end of the exploration season, attention was turned to the Day zone, with encouraging results. The Day zone is just beyond the Big Missouri Zone and is expected to be a source of mill feed just after the Big Missouri stopes. We had a headline intercept of 199 gpt Au over 1.0 meters within a larger intersection of 26.5 gpt Au plus 10 gpt Ag over 8.0 meters. This area has now been expanded to over 550 meters and is still open to the north and south. We anticipate further exploration drilling at Big Missouri and the Day Zone this summer.

At this time, we would like to thank the Nisga'a Nation for their assistance and encouragement during this past year as we had to deal with our re-financing. We look forward to furthering a long and respectful relationship with the Nisga'a Nation. An Implementation Committee has been created to oversee and protect the Nisga'a rights for the development of the Premier Project as defined in the Benefits Agreement. The Nisga'a Nation has rights and interests as set out in the Nisga'a Final Agreement with Canada and British Columbia encompassing Premier and Red Mountain.

It is also important to note that Ascot has progressed another significant milestone in the publishing of its second Sustainability Report. We are proud of the significant planning that has gone into the mine to ensure it will be in the lower quartile of GHG emitters among global gold producers. It is worthy to note that 38% of the site based employees were Nisga'a citizens, 42% of our senior management is female and the board is 29% female. Our safety statistics were exceptional with 0 lost time accidents. Please view this report on our website at your convenience (<https://ascotgold.com/sustainability/sustainability-reports/>).

Finally, the board would like to thank our President and CEO, Derek White, and the entire management team for making significant construction progress while negotiating to replace the major financing. The project is back on track again - truly a wonderful achievement.

Please take some time to read through our Information Circular and Proxy Statement. On behalf of the board and management, we thank you for your ongoing support and confidence in the Company and we look forward to receiving your vote by proxy, or in person this year at 3500 -1133 Melville Street, Vancouver, BC, V6E 4E5, on June 22, 2023 at 10:00am PT. You may join Derek via webcast for an update on the 2023 development plans including the proposed exploration drilling. VOTING OF PROXIES

PERSONS MAKING THE SOLICITATION

This Circular is furnished in connection with the solicitation of proxies by management of Ascot Resources Ltd. (the “Company”, the “Corporation” or “Ascot”) for use at the annual general meeting of shareholders of the Company to be held at 10:00 a.m. on Thursday, June 22, 2023 (the “Meeting”) and any adjournment thereof, for the purposes set forth in the Notice of Meeting.

All costs of this solicitation will be borne by the Company. In addition to the solicitation of proxies by mail, directors, officers and employees may solicit proxies personally, by telephone, facsimile or email, but will not receive compensation for so doing.

References in this Circular to “we” or “our” refer to the Company unless otherwise stated.

APPOINTMENT OF PROXYHOLDER

The persons named as proxyholder in the accompanying form of proxy were designated by the management of the Company (“Management Proxyholder”). **A shareholder has the right to appoint a person or company to represent them at the Meeting other than a Management Proxyholder. Any shareholder desiring to appoint some other person (“Alternate Proxyholder”) to represent him at the Meeting may do so by inserting such other person’s name in the space indicated in the accompanying form of proxy or by completing another proper form of proxy.** A person appointed as proxyholder need not be a shareholder of the Company. All completed proxy forms must be deposited with the Company’s transfer agent, Computershare. Attention: Proxy Department, 8th floor 100 University Avenue, Toronto, Ontario, M5J 2Y1, by telephone: 866-732-8683, fax: 416-263-9524 or toll free in North America: 1-866-249-7775, or online at www.investorvote.com, not less than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, before the time of the Meeting or any adjournment of it unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently. **Due to the COVID-19 pandemic, to mitigate risk to the health and safety of our communities, shareholders and employees, the Company requests that shareholders do not attend the Meeting in person and instead are requested to read the enclosed Circular and Proxy, and then complete and deposit the Proxy together with the power of attorney or other authority, if any, under which it was signed or a notarially certified copy thereof with the Company’s transfer agent, Computershare.**

REVOCAION OF PROXY

Every proxy may be revoked by an instrument in writing:

- (a) executed by the shareholder or by his attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation; and
- (b) delivered either to the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting or any adjournment of it at which the proxy is to be used, or to the chairman of the Meeting on the day of the Meeting or any adjournment thereof,

or in any other manner provided by law.

Only registered shareholders have the right to revoke a proxy. Non-Registered Holders (as defined herein) who wish to change their vote must, arrange for their respective intermediaries to revoke the proxy on their behalf in accordance with the instructions provided by their intermediary, but not less than seven days before the Meeting.

EXERCISE OF DISCRETION BY PROXYHOLDER

The shares represented by the proxy will be voted or withheld from voting in accordance with the instructions of the shareholder on any ballot that may be called for and, if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. **In the absence of any such direction, the Management Proxyholder will vote in favour of matters described in the proxy. In the absence of any direction as to how to vote the shares, an Alternate Proxyholder has discretion to vote them as he or she chooses.**

The enclosed form of proxy confers discretionary authority upon the proxyholder with respect to amendments or variations to matters identified in the attached Notice of Meeting and other matters which may properly come before the Meeting. At present, management of the Company knows of no such amendments, variations or other matters.

NON-REGISTERED HOLDERS

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are “non-registered” shareholders because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. More particularly, a person is not a registered shareholder in respect of shares which are held on behalf of that person (the “**Non-Registered Holder**”) but which are registered either: (a) in the name of an intermediary (an “**Intermediary**”) that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant.

In accordance with applicable Canadian securities laws, the Company has distributed copies of the Notice of Meeting, this Circular and the form of proxy (collectively, the “**Meeting Materials**”) indirectly to the Non-Registered Holders through Intermediaries.

The Intermediaries (or their service companies) are responsible for forwarding the Meeting Materials to each Non-Registered Holder unless such Non-Registered Holder has waived the right to receive the Meeting Materials. Management of the Company does not intend to pay for Intermediaries to forward to beneficial owners of securities that have provided instructions to their Intermediary that such beneficial owner objects to the Intermediary disclosing ownership information about the beneficial owner (“**OBOs**”) under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* the Meeting Materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary*, and each OBO will not receive the Meeting Materials unless their Intermediary assumes the cost of delivery.

Meeting Materials sent to Non-Registered Holders who have not waived the right to receive Meeting Materials are accompanied by a voting instruction form (“**VIF**”). This form is similar to the proxy provided to registered shareholders of the Company. By returning the VIF in accordance with the instructions noted on it, a Non-Registered Holder is able to instruct the registered shareholder how to vote on behalf of the Non-Registered Holder. VIFs, whether provided by the Company or by an Intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the shares which they beneficially own. **Non-Registered Holders receiving a VIF cannot use that form to vote common shares directly at the Meeting. Non-Registered Holders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered.** Should a Non-Registered Holder who receives a VIF wish to attend the Meeting or have someone else attend on his or her behalf, the Non-Registered Holder may request a legal proxy as set forth in the VIF, which will grant the Non-Registered Holder or his or her nominee the right to attend and vote at the Meeting.

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the issuer or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as disclosed herein, no Person has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in matters to be acted upon at the Meeting other than the election of directors and the appointment of auditors. For the purpose of this paragraph, "Person" shall include each person: (a) who has been a director or executive officer of the Company at any time during the most recently completed financial year; (b) who is a proposed nominee for election as a director of the Company; or (c) who is an associate or affiliate of a person included in (a) or (b).

RECORD DATE, VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of common shares without par value. As at the date of this Circular, there are 555,557,147 common shares issued and outstanding, each common share carrying the right to one vote. The Company has no other classes of voting securities.

In accordance with applicable laws, the board of directors of the Company (the "**Board**") has provided notice of and fixed the record date as of May 12, 2023 (the "**Record Date**") for the purposes of determining shareholders entitled to receive notice of, and to vote at, the Meeting, and has obtained a list of all persons who are Registered shareholders at the close of business on the Record Date and the number of common shares registered in the name of each Registered shareholder on that date. Each Registered shareholder as at the close of business on the Record Date will be entitled to receive notice of the Meeting and will be entitled to one vote at the Meeting for each common share registered in his or her name as it appears on the list.

To the knowledge of the directors and executive officers of the Company, no one shareholder beneficially owns, or controls or directs, directly or indirectly, shares carrying 10% or more of the voting rights attached to all outstanding shares of the Company, except for Ccori Apu S.A.C., who owns or exercises control over 108,500,000 Shares, representing approximately 19.53% of the issued and outstanding common shares of the Company.

RECEIPT OF FINANCIAL STATEMENTS

The financial statements of the Company for the year ended December 31, 2022 and accompanying auditor's report will be presented at the Meeting and have been previously filed under the Company's profile on SEDAR at www.sedar.com.

IMPACT OF COVID-19 PANDEMIC

The Company carefully monitors the public health impact of the global coronavirus pandemic and our first priority is the health and safety of our communities, shareholders, employees and other stakeholders. Shareholders are encouraged to read the enclosed Circular and Proxy, and then complete and deposit the Proxy together with the power of attorney or other authority, if any, under which it was signed or a notarially certified copy thereof with the Company's transfer agent by delivery to: Computershare Investor Services Inc., 3rd Floor, 510 Burrard Street, Vancouver, British Columbia, Canada V6C 3B9 by 10:00 a.m. (Pacific time), on Tuesday, June 20, 2023 or at least forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays) before the time of the Meeting or any adjournment of it unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently. Unregistered shareholders who received the Proxy through an intermediary must deliver the Proxy in accordance with the instructions given by such intermediary.

No shareholder who is experiencing any symptoms of COVID-19, including fever, cough or difficulty breathing will be permitted to attend the Meeting in person.

The Company may take precautionary measures in relation to the Meeting as necessary in response to further developments related to the COVID-19 pandemic and shall comply with all applicable health and safety recommendations, regulations and orders related thereto. In the event it is not possible or advisable to hold the Meeting in person, the Company will announce alternative arrangements for the Meeting as promptly as practicable, which may include holding the Meeting entirely by electronic means.

PARTICULARS OF MATTERS TO BE ACTED UPON

ELECTION OF DIRECTORS

The term of office of each of the directors expires at the Meeting. At the 2022 annual general meeting of shareholders, the Company's shareholders elected seven (7) directors. In February 2023, Messrs. Altmann and Marun were appointed to the Board pursuant to a strategic investment by Ccori Apu S.A.C. concurrently with the retirement of Messrs. Carter and Stypula. The nominees are all existing directors of the Company. Each director elected will hold office until the next annual general meeting or until his or her successor is elected or appointed, unless his or her office is earlier vacated in accordance with the Articles of the Company or the provisions of the *Business Corporations Act* (British Columbia) or he or she becomes disqualified to act as a director.

Pursuant to the Advance Notice Policy of the Company adopted by the Board on August 13, 2012 and approved by shareholders on September 24, 2019, any additional director nominations for the Meeting must have been received by the Company in compliance with the Advance Notice Policy no later than the close of business on May 12, 2023. As no such nominees were received by the Company prior to such date, management's nominees for election as directors set forth below shall be the only nominees eligible to stand for election at the Meeting. A copy of the Company's advance notice policy is attached to this Circular as Schedule "A" and may be obtained under the Company's profile on SEDAR at www.sedar.com and is also available on the Company's website at www.ascotgold.com.

The Board adopted a Majority Voting Policy in September 2019 and it is reviewed and amended accordingly on an annual basis. The majority voting policy was last reviewed on March 23, 2023 and no amendments were made. This policy provides that any nominee for election as a director who has more votes withheld than votes for election at the Meeting must immediately tender his or her resignation to the Board following the Meeting. This policy applies only to uncontested elections. The Governance and Nomination Committee shall consider any resignation tendered pursuant to the policy and within 90 days after the shareholder's meeting, determine whether or not it should be accepted. The Board shall accept the resignation absent exceptional circumstances. The resignation will be effective when accepted by the Board. A director who tenders a resignation pursuant to this policy shall recuse themselves from any meeting of the Board or the Governance and Nomination Committee and not participate in any deliberations on whether to accept such subject director(s) resignation. The Board will disclose its decision via press release as soon as practicable following receipt of the resignation and provide copy to the TSX. If the Board determines not to accept a resignation, the news release must fully state the reasons for that decision. If a resignation is accepted, the Board may leave the resultant vacancy unfilled until the next annual meeting of the shareholders, appoint a new director to fill any vacancy created by the resignation or call a special meeting of the shareholders to consider the election of a nominee. Compensation Philosophy and Objectives

The Company's executive compensation program is designed to attract, motivate and retain high performing senior executives, encourage and reward superior performance to align the executives' interests with those of the Company's shareholders. During the most recently completed financial year the compensation philosophy remained primarily the same as previous years with the three main elements being base salary, STIP (as defined herein) and LTIP (as defined herein). The compensation committee (the "**Compensation Committee**") assumes the responsibilities for reviewing and approving corporate goals and objectives relevant to an NEO's compensation, evaluating the NEO's performance in light of those goals and objectives and making recommendations to the Board with respect to the NEO's compensation based on this evaluation. During the year ended December 31, 2022, the Compensation Committee was composed of three independent directors, Rick Zimmer (Chair), Jim Stypula and Ken Carter. In February 2023, due to changes to the Board, the Compensation Committee was changed to: Andree St-Germain (Chair), Rick Zimmer and Indi Gopinathan as reflected in the director nominee table on page 10.

The Compensation Committee monitors levels of executive remuneration to ensure overall compensation reflects the Company's objectives and philosophies. To assist in compensating established corporate objectives the general objective of the Company's compensation philosophy is to:

- (i) compensate management in a manner that encourages and rewards a high level of performance and outstanding results, with a view to increasing long-term shareholder value while encouraging appropriate risk-taking and risk management;
- (ii) align interests of senior executives with those of our long-term shareholders by balancing rewards that recognize short-term results and incentivize long-term value creation;
- (iii) provide a compensation package that is commensurate with other mining exploration/development companies in order to attract, motivate and retain talent; and
- (iv) ensure that the total compensation package is designed in a manner that takes into account the constraints under which the Company operates by virtue of the fact that it is an exploration company without a history of earnings.

The Compensation Committee annually reviews each of the components and relevant competitive factors listed below and makes recommendations to the Board based on corporate and individual performance, taking into account leadership abilities, retention, risk and succession plans. The CEO makes recommendation for all senior executives except for himself and only participates in discussions regarding senior executive compensation as requested by the Compensation Committee or the Board regarding this remuneration. The CEO does not participate in the decisions of the Board in approving compensation which is accomplished by holding in-camera sessions.

The Company's compensation philosophy is to target a higher pay "at risk" for the NEO (65%+ range vs. the peer group of 55%). Accordingly, where possible the Company will target the 25% quartile for salary/consulting fees and the 65% quartile for "at risk" compensation (STIP and LTIP).

Comparator Group

Comparative data for the Company's peer group is accumulated by the Compensation Committee from several external sources including the use of an independent compensation consultant. The Compensation Committee uses various considerations to recommend a peer group to the Board, including companies of a similar stage of development, industry focus and range of market capitalization. On occasion, the Compensation Committee will engage a third party to assist in determining the appropriate peer group. See "Independent Compensation Consultant" below.

On an annual basis, the Compensation Committee considers the selection criteria for the Company's Peer Group based on the methodologies used by the Company's consultant Lane Caputo in comparison to various proxy advisory groups. The Compensation Committee takes into account the following factors in making this assessment of the peer group: the stage of project development; the applicability of financial metrics for pre-cashflow projects; the geographical location; and market capitalization of the various peers. As a result of this assessment, the Compensation Committee may adjust the peer group from time to time. The Company's approach is to use the Peer Group as benchmark for NEOs compensation and the TSX index for share price performance.

The peer group compiled by the Compensation Committee that was used to assist in determining 2022 compensation levels for NEOs were as follows:

Alexco Resource Corp.	Fury Resources	Pure Gold Mining Inc.
Artemis Gold Inc.	Integra Resources Corp.	Sabina Gold & Silver Corp.
Bluestone Resources Inc.	Marathon Gold Ltd.	Skeena Resources
Corvus Gold Inc.	Midas Gold Corp.	Victoria Gold Corp.
Excelsior Mining Corp.	Nevada Copper Corp.	
Gold Standard Ventures	Orla Mining Ltd.	

The peer group compiled by the Compensation Committee that was used to assist in determining 2023 compensation levels for NEOs were as follows:

Artemis Gold	Nevada Copper Corp.	Sabina Gold & Silver Corp.
Excelsior Mining Corp.	Osisko Development	Skeena Resources
Integra Resources Corp.	Osisko Mining	Seabridge Gold
Liberty Gold	Perpetua Resources	Victoria Gold Corp.
Marathon Gold Ltd.		

Independent Compensation Consultant

In 2019, the Compensation Committee engaged an independent executive compensation consulting firm specializing in executive and Board compensation reviews, strategic short and long-term incentive design and executive retention. Lane Caputo Compensation Inc. ("Lane Caputo") was retained on October 8, 2019 and their mandate was to assist the Compensation Committee by providing a review of the compensation arrangements for the Company's

executive management team and independent directors and recommending changes (if any) to various pay elements and/or strategies to ensure alignment with current market practices. Lane Caputo has also provided the Compensation Committee with benchmarking analysis of the Company's compensation practices as compared to a peer group of companies in the same industry, and of similar size and stage of development (see *Comparator Group* above under *Compensation Discussion & Analysis*). The Compensation Committee considers the information provided by Lane Caputo, among other factors, when making recommendations to the Board for approval.

The Compensation Committee did not engage Lane Caputo or any other third-party consultant through 2022 to assist in determining compensation levels, as the Compensation Committee considers the practice of using consultants on an as required basis. The Compensation Committee anticipates engaging Lane Caputo in 2023 as the Company moves towards production.

The Compensation Committee is required to pre-approve any non-compensation related work by Lane Caputo. Although management may liaise with Lane Caputo to provide information on the Company's compensation specifics, Lane Caputo reports directly to the Compensation Committee in any engagements undertaken.

Executive Compensation Related Fees

No fees were paid to third party consultants for services related to advise on compensation for senior management and directors since 2019.

Compensation Elements

Under the compensation philosophy, the compensation of the NEOs consists of three main components: base salary or consulting fees (collectively referred to as "Base Salary"), short-term incentive compensation (discretionary annual cash bonuses) ("**STIP**") and long-term incentives, currently in the form of stock options and share units ("**LTIP**"). The following discussion describes the components of compensation and discusses how each component relates to the Company's overall executive compensation objective.

Base Salary/Consulting Fee: The primary element of the Company's compensation program is base salary or consulting fee. The Company's view is that a competitive base salary or consulting fee is a necessary element for retaining qualified executive officers. Base salary or consulting fees are established by taking into account level of skills, expertise and capabilities demonstrated by the senior executives, individual performance and experience, level of responsibility and competitive pay practices by comparable junior natural resource issuers. Base salary or consulting fees are reviewed annually by the Board and are adjusted, if appropriate to reflect performance and market changes taking into account the recommendation of the Compensation Committee.

2022 - 2023 Base Salaries and Consulting Fees

CEO, CFO and COO received salary/consulting fee increases of \$50,000 (15%), \$20,000 (10%) and \$10,000 (5.6%) respectively in 2022. Other NEOs received a salary increase of 3% in 2022. NEOs base salaries/consulting fees continue to be kept in the lower quartile of the Company's peer group.

Short-Term Incentives: Performance bonuses are payable in cash and the amount payable is based on the Compensation Committee's assessment of the Company's and individual's performance for the year. Factors considered in determining bonus amounts generally include individual performance, financial criteria (such as successful financings, project management performance) and operational criteria (such as significant mineral property acquisitions, successful mineral property exploration and development as well as health, safety and environmental requirements, resource growth, and the attainment of other corporate milestones).

Achieving predetermined individual and/or corporate targets and objectives will trigger the award of a bonus payment to the NEOs. The NEOs will receive a partial or full incentive payment depending on the number of the

predetermined targets met and the Compensation Committee's assessment of overall performance. The determination as to whether a target has been missed, met or exceeded is ultimately made by the Board.

The Board reserves the right to make positive or negative adjustments to any bonus payment if they consider them to be appropriate.

Long-Term Incentives: The Company has three equity-based compensation plans: i) the Stock Option Plan; ii) the Share Unit Plan; and iii) the DSU Plan. All equity grants made relating to the 2022 compensation year were made under these equity-based compensation plans (collectively the "**Equity Incentive Plans**"). The Equity Incentive Plans are designed to encourage share or equity ownership and entrepreneurship on the part of the directors, NEOs and other employees and are summarized commencing on page 41.

The granting of Stock Options, Share Units and DSUs is designed to give each holder an interest in reserving and maximizing shareholder value in the longer term, to enable the Company to attract and retain individuals with experience and ability, and to reward individuals for current performance and expected future performance.

The Company established the Equity Incentive Plans to attract and retain directors, executive officers and employees who will be motivated to work towards ensuring the success of the Company. Proposed equity grants are submitted by the Compensation Committee to the Board for approval. Prior equity grants to executive officers are taken into consideration when considering new grants. The Board administers the Option Plan and has the authority to amend the plan, subject to applicable shareholder and regulatory approvals. In general, the Company targets a higher pay-at-risk than other companies in the industry.

The Compensation Committee sets the LTIP for NEOs and utilizes peer data to determine fair and competitive targets. LTIP is a percentage of the base salary and for 2022 was split as 40% RSUs and 60% Stock Options. In the Compensation Committee's assessment, it was determined that in 2022 each NEO met the targets as set: White, Li, Kiernan, Stewart and Schwengler as 210%, 150%, 130%, 200%, 100% of the base salary respectively (see Share and Option Based Awards under the Summary Compensation Table on page 29).

An NEO or director is not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director. The Board has not considered the implication of the risks associated with the Company's compensation policies and practices.

Group Insurance Benefits: A Group Insurance Plan is extended to all Canadian officers and employees of the Company (excluding directors). The plan was adopted to provide security to employees and their dependents pertaining to health and welfare risks. With exception to the long-term disability premium which is paid by the employee the plan premiums are paid by the Company, and coverage includes extended health and dental benefits, long-term disability insurance, \$25,000 of life insurance, and an employee assistance plan.

Corporate Performance Objectives

Corporate Performance Objectives ("CPOs") are generally qualitative in nature given the exploration and development stage of the Company. In making compensation decisions, the Compensation Committee considers peer group data available at the time, employment and/or contractual obligations and the ability to attract and retain professionals to deliver on our business objectives.

In 2022, at the recommendation of the Compensation Committee, the Board approved the following CPOs and objective results:

Objective	2022 Results	Weighting	Score

Short-Term Incentive Measurements of Performance and Compensation

Each NEO target cash bonus is evaluated at the end of the year by the Compensation Committee is based upon a review of both:

- i) the performance by each individual other than the CEO against the previously agreed upon IPOs; and
- ii) the performance of the overall Company and CEO against previously agreed upon CPOs.

The actual bonus payout is then based on the multiplication of individual target cash bonus by IPO and CPO weightings and achievement scores.

2022 Individual Performance Objectives

With respect to the 2021 NEO IPOs, the Board concluded that the CEO, CFO, and VP CD & SC all broadly met the majority of their 2022 target IPOs, while Mr. Schwengler met the expectations necessary to assist in achieving the CPOs.

With respect to the IPOs set out above for each NEO, the key milestones were met in 2022:

NEO	CPO Performance Achieved	Predetermined Weighting of CPOs	IPO Performance Achieved	Predetermined Weighting of IPOs
Derek White	93%	100%	NA	NA
Carol Li	93%	50%	100%	50%
John Kiernan	93%	50%	90%	50%
David Stewart	93%	50%	96%	50%
Bryant Schwengler ⁽¹⁾	93%	NA	NA	NA

(1) Mr. Schwengler joined the Company on June 1, 2022 and his IPOs were based on the results of the CPOs in 2022.

The Compensation Committee established pre-determined targeted bonus amounts (STIP) for 2022 for each NEO. Annual incentives were allocated based on individual contribution to each of the above CPOs and IPOs.

NEO	2022 Bonus Target (% of Base Salary)	2022 Target Bonus (\$)	Combined (IPO & CPO) Performance (%)	2022 Actual Bonus Paid ⁽¹⁾ (\$)

David Stewart	40%	61,800	94.5	58,401
Bryant Schwengler ⁽²⁾	35%	51,042	93	47,469

Risks Related to Compensation Policies & Practices

The Company is an exploration and development stage company and does not yet have any operating assets. Incentive compensation is generally paid in relation to milestones regarding the advancement of projects (drilling success, resource calculations, evaluation and development activities) which are subject to considerable external review and assessment that is independent of the Company's NEOs. As such, the Compensation Committee considers that its compensation practices are unlikely to encourage any NEO from taking inappropriate risks.

The Compensation Committee has also reviewed the policies and practices of the Company and believes that such policies and practices include the following characteristics that reduce the likelihood of having a material adverse risk on the Company or excessive risk-taking by employees, including NEOs:

- The compensation mix is balanced among fixed components (base salary and group insurance benefits) and at risk components (annual incentive payments and long-term incentives, including equity incentive grants);
- The Compensation Committee and Board have ultimate authority to determine compensation provided to each of the NEOs;
- The Compensation Committee, under its charter, has the authority to retain any advisor it deems necessary to fulfill its obligations and has in the past engaged independent compensation consultants on an as needed basis, which have assisted the Compensation Committee in reviewing executive compensation;

- The annual incentive program for the executive management team, which includes each of the NEOs, is approved by the Board. Individual payouts are based on corporate metrics as well as both qualitative and discretionary factors;
- Equity-based awards are all recommended by the Compensation Committee and approved by the Board; and
- The Board approves the compensation for all NEOs.

As of the date of this Information Circular, the Compensation Committee has not identified any risks arising from our policies and practices that could encourage a NEO or other employee to take inappropriate or excessive risks.

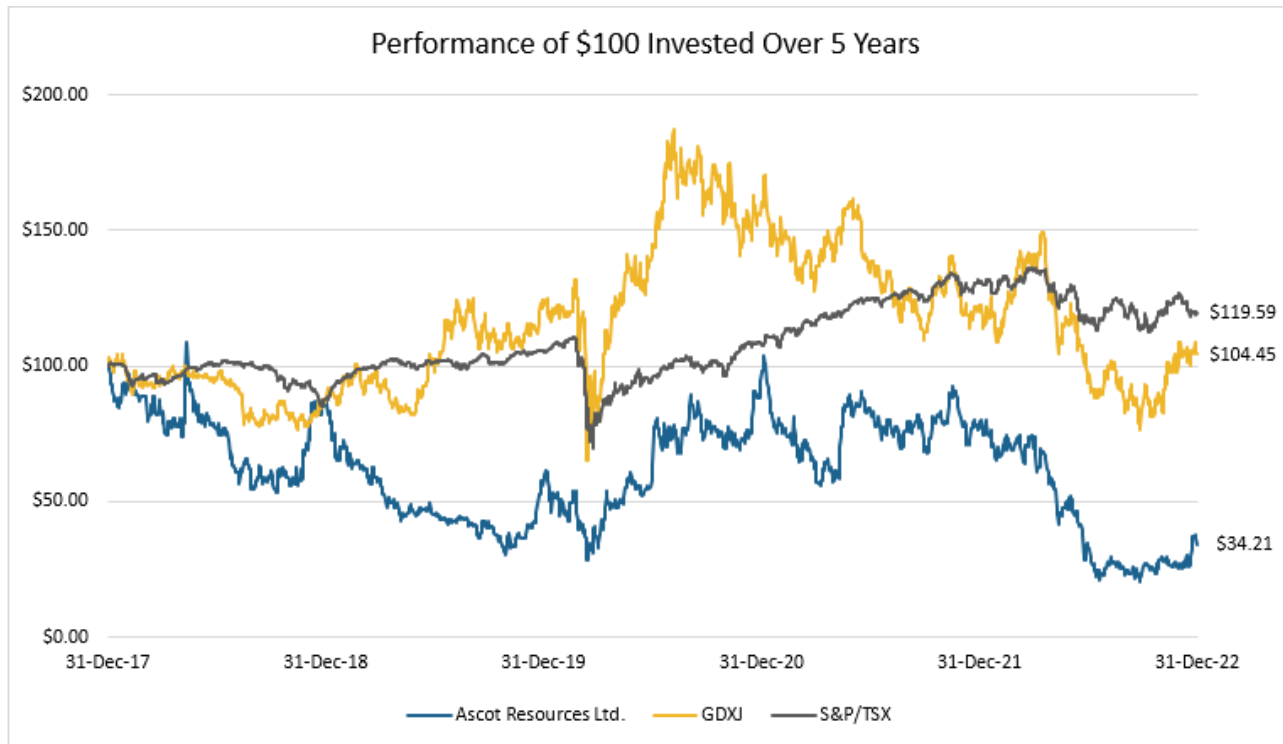

Hedging of Company Securities

Certain types of trades in securities of the Company by NEOs and directors can raise particular concerns about potential breaches of applicable securities law or that the interests of the persons making the trade are not aligned with those of the Company. Therefore, the Company has specific conditions outlined in its Timely Disclosure, Confidentiality and Insider Trading Policy prohibiting NEOs and directors from purchasing financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by a NEO or director. NEOs and directors are prohibited at any time from, directly or indirectly, undertaking any of the following activities:

- speculating in securities of the Corporation, which may include buying with the intention of quickly reselling such securities, or selling securities of the Corporation with the intention of quickly buying such securities (other than in connection with the acquisition and sale of shares issued under the Corporation's stock option plan or any other Corporation benefit plan or arrangement);
- short selling a security of the Corporation or any other arrangement that results in a gain only if the value of the Corporation's securities declines in the future;
- selling a "call option" giving the holder an option to purchase securities of the Corporation; and
- buying a "put option" giving the holder an option to sell securities of the Corporation.

Ascot NEOs were engaged by the Company in late 2017 and therefore earlier compensation data is not available.

From December 31, 2017 to December 31, 2022, the share price of the Company decreased by 65.79%, compared to an increase in the S&P/TSX Composite Index of 19.59% and an increase in the GDJ Index of 4.45% during the corresponding five-year period. From 2018 to 2022, the Company operated as an exploration and gold development company. In general, due to the risk profile, gold development companies engaged in financing and permitting activities underperform the TSX and GDJ indices, which contain operating gold companies that produce operating cashflow.

NEO compensation is not solely correlated with share price market performance. In determining overall compensation, the Compensation Committee also considers numerous factors outside the control of the Company that can affect the Company's share price (commodity prices, threats to global economic stability and growth, etc.) In addition, the Compensation Committee looks at NEO compensation relative to the skill sets required by the NEOs to undertake the advancement of the project and future operation of the Company's Premier Gold Project in a timely and efficient manner.

Policies and Practices Used to Determine Executive and Board Compensation

The Company's policies and practices for establishing compensation levels for executive officers have been described in the *Executive Compensation* section commencing on page 16 of this Information Circular.

The Compensation Committee determines director compensation with reference to board compensation of comparably sized Canadian companies and the occasional assistance of a third-party consultant – see above and the discussion on *Director Compensation* commencing on page 36 of this Information Circular.

The Company also has a recovery policy (the “Recovery Policy”) that provides for the right to recover performance-based compensation from the Chief Executive Officer, the Chief Financial Officer or any other director, officer, employee, or consultants of the Company, who participates in the equity plans of the Company, that has engaged in fraud, theft, embezzlement, serious misconduct or negligence irrespective of whether it directly caused or directly contributed to the need for a material restatement of the Company’s financial results in order to comply with applicable securities laws. Responsibilities, Powers and Operation of the Compensation Committee

The Board has established a Compensation Committee for the purpose of providing the Board with recommendations relating to the form and amounts of all compensation and benefits for directors and executive officers, succession plans for executive officers (in the case of the CEO, in conjunction with the Governance and Nominating Committee), and human resources policies for executive officers.

The CEO may be asked to attend the Compensation Committee’s deliberations regarding NEOs other than himself; however, he does not participate in votes related to NEO compensation.

SUMMARY COMPENSATION TABLE

The following table is a summary of compensation paid to the NEOs in the most recently completed financial year for each of the Company's three most recently completed financial years ended. As per the notes below, compensation is higher in 2022 due to annual LTIP not being granted during 2021 due to a Company imposed blackout at the time of the annual grant.

⁽¹⁾ The Company uses the Black-Scholes option pricing model to calculate the fair value of option based awards. The model requires six key inputs: risk free interest rate, exercise price, market price at date of issue, expected dividend yield, expected life and expected volatility, all of which, other than the exercise price and market price, are estimates by management of the Company. The Black-Scholes model was used to compute option fair values because it is the most commonly used option pricing model and is considered to produce a reasonable estimate of fair value.

⁽²⁾ Mr. Stewart joined the Company on June 1, 2021

⁽³⁾ Mr. Schwengler joined the Company on June 1, 2022.

⁽⁴⁾ Consulting fees and taxable benefits paid to the NEO.

⁽⁵⁾ Cash bonus (STIP) for 2019 was accrued but not paid until the 2nd half of 2020; cash bonus for 2021 was accrued but not paid until first quarter of 2022; and the cash bonus for 2022 was accrued but has not yet been paid to conserve cash.

⁽⁶⁾ Share-based awards are valued according to the Share Unit Plan using the market close on the date prior to the grant. Share-based and option-based awards for 2021 were not granted until early 2022 as there was a Company imposed blackout at the time of annual compensation consideration (performed in December each year). The 2021 compensation for NEOs appears much lower than 2020 and 2022 due to the postponed equity grant. If the share-based and option-based awards were made as intended in December 2021, total compensation for the NEOs for 2021 would have been: Mr. White \$1,157,871; Ms. Li \$566,769; Mr. Kiernan \$461,496; and David Stewart \$279,010 and the total compensation for 2022 would have been: Mr. White \$1,729,978; Ms. Li \$701,250; Mr. Kiernan \$539,498; and David Stewart \$600,131.

⁽¹⁾ Value of unexercised in-the-money options is calculated based upon the difference between the market value of the Company’s common shares as at December 31, 2022 of \$0.52 (closing price on the Toronto Stock Exchange) and the exercise price of the options.

⁽²⁾ Market value is based on the closing price of the Company’s shares on December 31, 2022 of \$0.52 per share. Such value will not be realized until the share-based award is fully vested and may be valued at more or less depending on the price of the shares at the time the NEO exercises the share-based award.

⁽³⁾ Two grants were made in each of 2020 and 2022 due to company-imposed blackouts at the time of annual grants in 2019 and 2021. Grants were deferred until the next year and granted under provisions of the stock option and share unit plans.

⁽⁴⁾ Mr. Stewart joined the Company on June 1, 2021.

⁽⁵⁾ Mr. Schwengler joined the Company on June 1, 2022.

⁽⁶⁾ In December 2022, the Board determined that all NEO RSUs should be vested immediately to incentivize the NEOs given that cash remuneration is in the 25 percentile of the Company’s peers and to conserve cash the STIP earned will not be paid until a later date.

David Stewart	115,762	184,241	58,401
Bryant Schwengler	62,269	58,333	47,469

⁽¹⁾ Options vest as to Mr. White one half immediately and one half on the first anniversary per his consulting contract; and as to Messrs. Kiernan, Schwengler and Stewart and Ms. Li one third immediately, one third on the first anniversary and one third on the second anniversary of the grant date and are granted at the market closing price the day prior to the grant date. None of the NEOs had in-the-money options at the time of vesting.

⁽²⁾ In December 2022, the Board determined that all NEO RSUs should be vested immediately to incentivize the NEOs given that cash remuneration is in the 25 percentile of the Company's peers and to conserve cash the STIP earned was not paid until April 2023 on closing of the recent financing.

⁽³⁾ The STIP for NEOs has not yet been paid for 2022.

Annual Burn Rate Under Equity Compensation Plans

The following sets forth the total number of Stock Option, Share Unit and DSU awards granted in each of the past three years (to all NEOs, directors and all other Equity Incentive Plan participants combined), and the potential dilutive effect of such awards have assuming that each is paid out in Common Shares of the Company:

Period	Share Unit Awards Granted (Burn Rate) ⁽¹⁾⁽²⁾		DSUs Granted (Burn Rate) ⁽¹⁾⁽²⁾	Stock Options Granted (Burn Rate) ⁽¹⁾⁽²⁾	Weighted Average Common Shares Outstanding
	RSUs	PSUs			
2022	3,579,588 (0.84%)	162,162 (0.04%)	1,447,298 (0.34%)	13,106,226 (3.09%)	424,804,495
2021	Nil	Nil	40,781 ⁽⁵⁾ (0.01%)	603,190 (0.17%)	348,131,771
2020	1,052,871 (0.40%)	Nil	450,370 (0.17%)	6,693,709 (2.57%)	260,543,212
3yr Avg.	0.41%	0.01%	0.17%	1.94%	

⁽¹⁾ The burn rate for a given year is calculated by dividing the number of Options, share unit awards or DSUs granted during the year, by the weighted average number of Common Shares outstanding during the year.

⁽²⁾ Stock Options, share units and DSUs were not granted for performance in 2019 and 2021 as there were Company imposed blackouts in effect at the time at which the annual grant would have been made. The DSUs and stock options noted for 2021 are for director fees in lieu of cash and options granted to per new contracts/director appointments during the year respectively. If options-based, share-based and DSU awards were granted in December 2021 as intended (postponed due to a Company imposed blackout), the values in the table above would read for 2021 as: RSUs 721,432 (0.21%); PSUs 162,162 (0.05%); DSUs 154,446 (0.04%); Stock Options 4,035,401 (1.16%) and Weighted Average of Common Shares Outstanding 348,131,771 and the values for 2022 would read as: RSUs 2,855,428 (0.67%); PSUs Nil; DSUs 1,347,302 (0.32%); Stock Options 9,730,462 (2.29%) and Weighted Average of Common Shares Outstanding 424,804,495.

2022 NEO Total Compensation Mix

The overall NEO compensation mix is purposely balanced between fixed components (base salary) and “at risk” components (non-equity annual incentive payments and long-term equity incentives).

- As a guiding philosophy, the Compensation Committee aims to keep the “at risk” compensation as a percentage of each NEO’s total compensation, above the sixty-fifth percentile for the CEO, CFO and COO and the fiftieth percentile for the other NEOs as compared to the Peer Group.

The NEO total compensation by category set the majority of compensation at risk in 2022 at the CEO, CFO, COO, VP PD and VP CD & SC at 77%, 69%, 65%, 63%, 58% and 61% respectively however since the LTIP equity based awards were not granted in 2021, due to a Company imposed blackout at the time of normal annual grant practice (December), the total at risk percentages appear higher in the table below since the LTIP for 2021 was subsequently granted in early 2022 (see note 2 below this table).

NEO	Not at Risk Compensation		At Risk Compensation				Total at Risk (%)	Total Compensation (\$)
	Salary or Salary Equivalent	%	Non-Equity Incentive Plan Awards (Bonus) ⁽³⁾		Long-Term Equity-based awards ⁽¹⁾⁽²⁾			
	(\$)	%	(\$)	%	(\$)	%		
	(a)		(b)		(c)		(b)+(c)	(a)+(b)+(c)
Derek White, CEO	380,168	16	353,400	15	1,633,543	69	84	2,367,111
Carol Li, CFO	220,168	22	127,380	13	643,308	65	78	990,856
John Kiernan, COO	190,168	25	78,233	10	496,990	65	75	765,391
David Stewart VP CD & SC	154,668	23	58,401	9	471,531	69	77	684,600
Bryant Schwengler VP OPS & GM	145,925	33	47,469	11	245,137	56	67	438,531

⁽¹⁾ Represents stock options and share units granted under the Company’s equity incentive plans.

⁽²⁾ LTIP was not awarded in 2021 due to a Company imposed blackout at the time the grant would have been made (under the Company’s normal practices). LTIP therefore appears higher in 2022 as both the 2021 and 2022 annual grants were made during the year.

⁽³⁾ In an effort to conserve cash at the time, the 2022 STIP noted in the table was not paid to NEOs for 2022 until April 2023.

Base salary or salary equivalent comprises only a portion of the total annual cash-based compensation that a NEO is paid. Non-equity annual incentives and long-term equity-based compensation, represents the majority of each NEO’s compensation, and is compensation that is “at risk” and thus may or may not be paid to the respective executive officer depending on market performance of the Company’s common shares.

As indicated above, the majority of NEO compensation is at risk, and therefore aligned with shareholder interests.

Discussion of plan-based awards

During the financial year ended December 31, 2022, the Company granted a total of 13,106,226 options, 3,741,750 share units and 1,447,298 DSUs to employees, consultants, officers or directors. In 2021, the long-term equity grant that was intended to be granted in December 2021, but due to a Company imposed blackout was deferred and subsequently granted on February 18, 2022 under provisions of the equity compensation plans. Therefore, there were two equity grants in 2022 reflecting the 2021 annual grant (as discussed above) and the 2022 annual grant made in December 2022.

The Board appointed Compensation Committee administers the Equity Plans on behalf of the Board and makes recommendation of all equity grants to the Board for prior approval. In considering new grants, the Compensation Committee considers prior grants made to directors and executive officers.

Pension Plan Benefits

The Company has not established any pension plans for executive officers that provide for payments or benefits at, following, or in connection with retirement.

The following table sets forth the estimated incremental payments that would be made to each of the NEOs assuming that termination occurred on December 31, 2022:

⁽³⁾ In no such circumstance will an NEO receive the benefit of more than one "Triggering Event."

Senior Management Share Ownership Requirement

With the intention to align the interests of certain senior management with those of Shareholders, a Share Ownership Policy, outlining minimum share ownership requirements, was adopted in May 2021 for the CEO, CFO and COO, under which they are required to own Ascot securities having a value established by the Board. The minimum Ascot share ownership requirement for the CEO is equivalent to three times his prior years' billings for consulting services and for each the CFO and COO, two times their prior years' billings for consulting services or base salary. Existing officers (CEO, CFO and COO) have five years from policy adoption to achieve compliance and any new officers (CEO, CFO, COO) are required to achieve the minimum thresholds within five years from the date of becoming an officer. If the ownership value requirement is increased, officers (CEO, CFO and COO) have two years

to reach the new ownership requirement. Ownership thresholds are calculated based on the higher of the current Market Price of the Ascot securities as at the date of determination or the cost of the shares. If a participant, subject to this policy, has met the minimum equity holding requirement as set out herein but subsequently fails to meet such requirement solely as a result in a decline in the Market Price of the company's securities, then such participant shall have a period of 12 months to regain compliance with the policy. A copy of the Share Ownership Policy can be found on the Company website.

The CEO, CFO and COO are required to maintain his or her minimum ownership level throughout his or her tenure as an officer. Under the share ownership requirements and terms as described above, the following table outlines the officer's standings relative to the requirement, as of the date of this Information Circular.

Share Ownership Position and Requirement of the CEO, CFO and COO as of May 13, 2023:

Name	Type of Eligible Ascot Securities	Number of Eligible Ascot Securities ⁽¹⁾	Value of Holdings ⁽²⁾ \$	Total Value of Holdings \$	Minimum Equity Holding ("MEH") ⁽³⁾ \$	Difference between Value of Holdings and MEH \$	MEH Met ⁽⁴⁾
Derek White	Common Shares	483,517	436,576	895,650	1,174,200 (3x)	(278,550)	No
	Share Units	717,303	459,074				
Carol Li	Common Shares	217,118	186,000	375,843	679,800 (2x)	(303,957)	No
	Share Units	296,629	189,843				
John Kiernan	Common Shares	165,679	167,213	309,307	587,100 (2x)	(277,793)	No
	Share Units	222,022	142,094				

⁽¹⁾ Common Shares and Share Units held by the officer as at May 12, 2023

⁽²⁾ Value of holdings is calculated using the total number of eligible securities held multiplied by the higher of current market price (closing price on TSX on May 12, 2023 was \$0.64) or the cost of the shares.

⁽³⁾ Minimum Equity Holding was determined by the Board, for the purposes of the policy, to be three times the prior years' consulting fees for the CEO and two times the prior years' consulting fee or base salary for the CFO and COO.

⁽⁴⁾ The Share Ownership Policy was newly established in May 2021 and under the terms of the policy, the officers have five years to achieve the minimum thresholds from the effective date of the policy.

DIRECTOR COMPENSATION

The Board is composed of seven (7) independent directors. There are currently six (6) Board appointed committees: audit committee; compensation committee; governance and nomination committee; health, safety, environmental and technical committee; finance committee and a disclosure committee.

The Compensation Committee utilizes information of peers and TSX guidelines to determine director fees using a combination of cash-based fees, options and DSUs.

DIRECTOR COMPENSATION TABLE

The following table is a summary of compensation paid to directors of the Company for the most recently completed financial year ended December 31, 2022:

Name	Fees earned (\$)	Share-based awards (\$) ⁽¹⁾⁽⁴⁾	Option-based awards (\$) ⁽²⁾⁽⁴⁾	Non-equity incentive plan compensation (\$)	Pension value (\$)	All other compensation (\$)	Total compensation (\$) ⁽¹⁾⁽²⁾⁽⁴⁾

John Stypula ⁽³⁾	Nil	125,205	127,862	Nil	Nil	Nil	253,067
Don Njegovan	16,500	103,705	127,862	Nil	Nil	Nil	248,067

Name	Fees earned (\$)	Share-based awards (\$) ⁽¹⁾⁽⁴⁾	Option-based awards (\$) ⁽²⁾⁽⁴⁾	Non-equity incentive plan compensation (\$)	Pension value (\$)	All other compensation (\$)	Total compensation (\$) ⁽¹⁾⁽²⁾⁽⁴⁾
Bill Bennett	33,000	87,250	127,862	Nil	Nil	Nil	248,067
Kenneth M. Carter ⁽³⁾	38,000	87,250	127,862	Nil	Nil	Nil	253,067
Andree St-Germain ⁽⁵⁾	10,250	117,955	127,862	Nil	Nil	Nil	256,067
Indi Gopinathan	33,000	87,250	127,862	Nil	Nil	Nil	248,067

⁽¹⁾ The value of the DSUs are calculated based on the closing price Company's shares on the day prior to the grant date and the value may more or less depending on the price of the shares at the time the Director exercises the share based award. The share-based awarded in 2022 were for partial or full director fees in lieu of cash at the election of those directors.

⁽²⁾ The Company uses the Black-Scholes option pricing model to calculate the fair value of option based awards. The model requires six key inputs: risk free interest rate, exercise price, market price at date of issue, expected dividend yield, expected life and expected volatility, all of which, other than the exercise price and market price, are estimates by management of the Company. The Black-Scholes model was used to compute option fair values because it is the most commonly used option pricing model and is considered to produce a reasonable estimate of fair value. These numbers are calculated in accordance with section 3870 of the CICA handbook and are the same numbers as used in the Company's financial statements.

⁽³⁾ Messrs. Carter and Stypula retired from the Board concurrently with the appointment of Messrs. Altmann and Marún on February 17, 2023.

⁽⁴⁾ Share-based and option-based awards for 2021 were not granted until February 2022 as there was a Company imposed blackout in December 2021, the time at which the annual grant is normally made. The 2022 compensation for Directors appears higher than 2021 due to the postponed equity grants.

⁽⁵⁾ Under the DSU plan, directors are eligible to elect to receive DSUs in lieu of cash director fees. In 2022, Ms. St-Germain elected to receive 75% of her cash director fees in DSUs.

DISCUSSION OF DIRECTOR COMPENSATION

Director cash retainers approved by the Board are set out in the table below. The directors of the Company do not receive any further cash compensation for attending Board meetings.

Base Retainer	\$33,000
Non-Executive Chair	\$15,000
Audit Committee Chair	\$8,000
Compensation Committee Chair	\$5,000
Governance and Nomination Committee Chair	\$5,000
Health, Safety, Environmental & Technical Committee Chair	\$5,000

During the most recently completed financial year, the aggregate direct remuneration paid or payable by the Company to its directors for consulting services was nil.

Directors are eligible to receive stock options and DSUs granted pursuant to the Company's Equity Plans. The Compensation Committee makes recommendation to the Board to approve stock option and DSU grants for each director. During the most recently completed financial year, the Company granted a total of 2,392,025 incentive stock options and 1,447,298 DSUs to its directors (of which 1,026,248 incentive stock options and 113,665 DSUs were granted in February 2022 instead of December 2021, due to a Company imposed blackout at the time of the 2021 annual grant).

(1) Value of unexercised in-the-money options is calculated based upon the difference between the market value of the Company's common shares as at December 31, 2022 of \$0.52 (closing price on the Toronto Stock Exchange) and the exercise price of the options.

(2) Market value of share based awards (DSUs) is based on the closing price of the Company's shares on December 31, 2022 of \$0.52 per share. DSUs are fully vested at the time of grant and not exercisable until a director leaves the Board. Such value will not be realized until, and may be valued at more or less depending on the price of the shares at the time, the Director exercises the share-based award.

(3) In 2019, the long-term equity grant that was intended to be granted in December 2019, but due to a Company-imposed blackout, was deferred and subsequently granted on February 25, 2020 under provisions of the stock option and DSU plans.

(4) Messrs. Stypula and Carter retired concurrently with the appointments of Messrs. Altmann and Marún in early 2023. Messrs. Altmann and Marún received 200,000 stock options each upon appointment to the board.

(5) In February 2022, the long-term equity grant that was intended to be granted in December 2021, but due to a Company-imposed blackout, was deferred and subsequently granted on February 18, 2022 under provisions of the stock option and DSU plans.

Incentive-based awards – value vested or earned during the year

The following table sets out the aggregate dollar value that would have been realized by each non-NEO director if exercised, on the applicable vesting dates, those options held by him under option-based awards, which vested during the most recently completed financial year ended December 31, 2022.

Name	Option-based awards – Value vested during the year	Share-based awards – Value vested during the year	Non-equity incentive plan compensation – Value earned during the year

Andree St-Germain	42,621	117,955	Nil

⁽¹⁾ Options granted to directors in 2022, vest as to 1/3 immediately, 1/3 on the first anniversary and 1/3 on the second anniversary and are granted at the market price. Value vested during the year is calculated by subtracting the exercise price on the date of grant from the market price on the date of vesting, therefore any options vesting in 2022 had no value. Options granted before 2022 vested immediately at the time of grant.

⁽²⁾ DSUs vest immediately and are priced at the closing market price the day preceding the grant date. DSUs are not exercisable until the director resigns from the Board.

⁽³⁾ Messrs. Stypula and Carter retired concurrently with the appointments of Messrs. Altmann and Marún in early 2023.

Director Share Ownership Requirements

With the intention to align the interests of the Board with those of Shareholders, a Share Ownership Policy outlining minimum share ownership requirements was adopted in 2021 for directors, under which directors are required to own Ascot securities having a value established by the Board. The minimum Ascot share ownership requirement for all non-executive directors is equivalent to three times the annual retainer. Existing directors have five years from policy adoption to achieve compliance and any new directors are required to achieve the minimum thresholds within five years from the date of becoming a director. If the ownership value requirement is increased, directors have two years to reach the new ownership requirement. Ownership thresholds are calculated based on the higher of the current Market Price of the Ascot securities as at the date of determination or the cost of the shares. If a participant, subject to this policy, has met the minimum equity holding requirement as set out herein but subsequently fails to meet such requirement solely as a result in a decline in the Market Price of the company's securities, then such participant shall have a period of 12 months to regain compliance with the policy. A copy of the Share Ownership Policy can be found on the Company website.

Each director is required to maintain his or her minimum ownership level throughout his or her tenure as a director. Under the share ownership requirements and terms as described above, the following table outlines the directors' standings relative to the requirement, as of the date of this Information Circular.

⁽³⁾ Minimum Equity Holding was determined by the Board, for the purposes of the policy, to be three times the annual base retainer (see director compensation on page 36).

⁽⁴⁾ The Share Ownership Policy was newly established in May 2021 and under the terms of the policy, the directors have five years to achieve the minimum thresholds from the later of the effective date of the policy or the date they joined the Board.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table sets out information as at the year ended December 31, 2022 under which equity securities of the Company are authorized for issuance under the Equity Incentive Plans.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights (\$)	Number of securities remaining available for future issuances under equity compensation plan

Equity compensation plans not approved by securityholders	Nil	Nil	Nil
Total	30,249,676	\$0.77	13,336,439

⁽¹⁾ The number of shares available for grant under the Equity Incentive Plans was approved by shareholders on June 23, 2022 and is a total of 10% of the number of issued and outstanding common shares on a non-diluted basis from time to time. See "Equity Incentive Plans" below.

EQUITY INCENTIVE PLANS

In June 2022, the shareholders approved the Equity Incentive Plans: i) Second Amended and Restated Stock Option Plan (“Stock Option Plan”); ii) the Amended and Restated Share Unit Plan (“Share Unit Plan”); and iii) the Amended and Restated Deferred Share Unit Plan (“DSU Plan”). The Equity Incentive Plans are designed to encourage share or equity ownership and entrepreneurship on the part of the directors, senior management and other employees. The Stock Option Plan, Share Unit Plan and DSU Plan align the interests of the directors, employees and consultants with shareholders by linking a component of compensation to the long-term performance of the Company’s common shares. Importantly for an exploration and development stage company, the Stock Option Plan, Share Unit Plan and DSU Plan also allow the Company to provide long-term incentive-based compensation without depleting the Company’s cash resources which are needed for ongoing exploration and development activities.

SUMMARY OF THE STOCK OPTION PLAN

Set out below is a summary of the Stock Option Plan.

Background

The Stock Option Plan is designed to encourage share or equity ownership and entrepreneurship on the part of the officers, employees and consultants of the Company. The Compensation Committee believes that the Stock Option Plan aligns the interests of those persons eligible to participate in the Stock Option Plan with the interests of shareholders, by linking a component of compensation to the longer-term performance of the Company’s common shares. Importantly for an exploration stage company, the Stock Option Plan also allows the Company to provide long-term incentive-based compensation without depleting the Company’s cash resources which are needed for ongoing exploration and development activities.

The Stock Option Plan provides that Options may be granted to any Eligible Person. An “Eligible Person” under the Stock Option Plan “means any Director, Employee or Consultant”. The Compensation Committee or such other committee of the Board as may be designated by the Board has the authority to administer the Stock Option Plan and to determine, among other things, the vesting period and the exercise period (subject to a maximum term of five years from the date of grant and the Compensation Committee’s discretion in the event that it accelerates vesting for any reason). The Board has the ability to revoke any of the powers conferred on the Compensation Committee under the Stock Option Plan.

Maximum Number of Common Shares Issuable

The maximum number of common shares that may be issuable under the Stock Option Plan is 10% of the number of issued and outstanding common shares on a non-diluted basis at any time, provided that (i) (a) the number of common shares issued or issuable under all Share Compensation Arrangements (as defined in the Stock Option Plan) shall not exceed 10% of the number of issued and outstanding common shares on a non-diluted basis; and (ii) the aggregate number of common shares issued to insiders within any one-year period, and issuable to insiders at any time under all Share Compensation Arrangements, shall not exceed 10% of the issued and outstanding common shares; provided that for the purposes of determining whether the limitation in item (ii) has been met any options, common shares, share units, deferred shares units or other awards involving the issuance or potential issuance of common shares that are granted or issued in reliance on Section 613(c) of the Toronto Stock Exchange Company Manual shall, notwithstanding the definition of Share Compensation Arrangement or any other provision of the Stock Option Plan, be included (and not excluded).

In addition, the equity award value (based on grant date fair value) of any grant of Options to non-employee directors under the Stock Option Plan shall not exceed \$100,000 and the equity award value (based on grant date fair value) of any grant of Options to non-employee directors under the Stock Option Plan when combined with common shares

issuable under other share compensation arrangements of the Company may not exceed \$150,000, to each non-employee director per year.

Exercise Price

Options may be granted from time to time by the Compensation Committee at an exercise price equal to the Market Price of the common shares at the time the Option is granted. “**Market Price**” means:

- (a) if the common shares are listed on one organized trading facility, the closing trading price of the common shares on the business day immediately preceding the grant date,
- (b) if the common shares are listed on more than one organized trading facility, the market price as determined in accordance with (a) above for the primary organized trading facility on which the common shares are listed, as determined by the Compensation Committee, subject to any adjustments as may be required to secure all necessary regulatory approvals,
- (c) if the common shares did not trade on the business day prior to the grant date, the average of the bid and ask prices in respect of such common shares at the close of trading on such date on the primary organized trading facility on which the common shares are listed, and
- (d) if the common shares are not listed for trading on a stock exchange or over the counter market, a price which is determined by the Compensation Committee to be the fair value of the common shares, taking into consideration all factors that the Compensation Committee deems appropriate, including, without limitation, recent sale and offer prices of the common shares in private transactions negotiated at arms’ length, provided that the Market Price will in no event be less than the minimum prescribed by each of the organized trading facilities that would apply to the Company on the grant date in question.

In lieu of paying the aggregate exercise price to purchase common shares upon the exercise of Options, the Compensation Committee is permitted to permit an Option holder to receive, without payment of cash or other consideration except as required for applicable taxes, upon surrender of the applicable portion of a then vested and exercisable Option to the Company, that number of common shares, disregarding fractions, equal to the number obtained by dividing (a) the difference between the Market Price of one common share and the aggregate exercise price, multiplied by the number of common shares in respect of which the Option would otherwise be exercised with payment of the aggregate exercise price, by (b) the Market Price of one common share.

Termination of Options

Each Option will expire and terminate immediately upon the holder thereof ceasing to be an Eligible Person except as otherwise provided in the Stock Option Plan. The Stock Option Plan provides that where an employee whose employment terminates for any reason other than for cause (but including termination without cause and voluntary resignation), any exercisable Options will continue to be exercisable for a period of 90 days following the termination date, subject to the discretion of the Compensation Committee to extend such period (provided that in no event may such period be extended beyond the expiration date of such options).

In addition, in the event that the employment of an employee is terminated by reason of death or disability, such Option holder or his or her estate or legal representative, as the case may be, is entitled to exercise any Options that were vested and exercisable as of the date of death or the date such Option holder’s employment was terminated by reason of disability, as the case may be, for a period of 12 months after the date of death or the termination date, as applicable, subject to the discretion of the Compensation Committee to extend such period (but in no event beyond the expiration date of such options).

Under the Stock Option Plan, where an Option holder's employment or term of office is terminated for cause, any Options held by such Option holder will immediately expire and be cancelled upon termination unless the Compensation Committee determines otherwise.

The exercise of Options granted to a consultant of the Company or its subsidiaries will be treated in a similar manner to that described above for employees.

Options During Blackout Periods

The Stock Option Plan disallows the grant of Options during a black-out period (during which trading of securities of the Company by a holder of Options is restricted by the Company), except where the black-out period has continued for at least three months prior to the grant date and the Compensation Committee has determined that such grant of Options is necessary to achieve the purposes of the Stock Option Plan (and such Options are otherwise granted in accordance with the Stock Option Plan). For any Options that are granted during a black-out period, the exercise price for each Option must be equal to the greater of the Market Price at the time of grant and the Market Price at the close of trading on the first business day following the expiry of the black-out period. If the term of an Option expires during or within 10 business days of the expiration of a black-out period applicable to such Option Holder, then the term of the Option (or the unexercised portion of the Option) will be extended to the close of business on the tenth business day following the expiration of the black-out period.

Transferability

Each Option is personal to the holder of such Option and is non-assignable and non-transferable. No Option granted under the Stock Option Plan may be pledged, hypothecated, charged, transferred, assigned or otherwise encumbered or disposed of by the Option holder, whether voluntarily or by operation of law, other than by testate succession, will or the laws of descent and distribution.

Amendment Procedure

Under the Stock Option Plan, the Compensation Committee is entitled to make any amendments to the Stock Option Plan that are not material. Some examples of amendments that would not be considered material, and which could therefore be made without shareholder approval, include the following: (a) ensuring continuing compliance with applicable laws, regulations, requirements, rules or policies of any governmental authority or any stock exchange; (b) amendments of a "housekeeping" nature, which include amendments to eliminate any ambiguity or correct or supplement any provision contained in the Stock Option Plan which may be incorrect or incompatible with any other provision thereof; (c) a change to provisions on transferability of Options for normal estate settlement purposes; (d) a change in the process by which an Option holder who wishes to exercise his or her Option can do so, including the required form of payment for the common shares being purchased, the form of exercise notice and the place where such payments and notices must be delivered; (e) changing the vesting and exercise provisions of the Stock Option Plan or any Option in a manner which does not entail an extension beyond the originally scheduled expiry date for any applicable Option, including to provide for accelerated vesting and early exercise of any Options deemed necessary or advisable in the Compensation Committee's discretion; (f) changing the termination provisions of the Stock Option Plan or any Option which does not entail an extension beyond the originally scheduled expiry date for that Option; (g) adding a cashless exercise feature, payable in cash or securities, which provides for a full deduction of the number of underlying common shares from the Stock Option Plan reserve; and (h) adding a conditional exercise feature which would give the Option holders the ability to conditionally exercise in certain circumstances determined by the Compensation Committee, at its discretion, at any time up to a date determined by the Compensation Committee, at its discretion, all or a portion of those Options granted to such Option holders which are then vested and exercisable in accordance with their terms, as well as any unvested Options which the Compensation Committee has determined shall be immediately vested and exercisable in such circumstances. Any material amendments to the Stock Option Plan will require shareholder approval. Some examples of material amendments that would require shareholder approval include the following: (a) any amendment to the amending

provisions of the Stock Option Plan other than amendments made to ensure compliance with existing laws, regulations, rules or policies or amendments of a “housekeeping” nature; (b) any increase in the maximum number of common shares available for purchase pursuant to Options other than in accordance with the provision of the Stock Option Plan that entitles the Compensation Committee to make adjustments to give effect to certain adjustments made to the common shares in the event of certain capital reorganizations and other transactions; (c) any reduction in the exercise price (except in the event of certain corporate transactions, pursuant to the Stock Option Plan’s adjustment provisions) or extension of the period during which an Option may be exercised; (d) any amendment to permit the re-pricing of Options; (e) the cancellation and reissue of any Options; (f) any amendments to remove or exceed the limitations on grants to Insiders and non-employee directors set out in Section 5.8 of the Stock Option Plan; and (g) any amendment that would permit Options to be transferred or assigned other than for normal estate settlement purposes.

SUMMARY OF THE SHARE UNIT PLAN

Set out below is a summary of the Share Unit Plan.

Background

The Share Unit Plan was established to promote a further alignment of interests between employees and consultants and the shareholders of the Company, to associate a portion of employees’ and consultants’ compensation with the returns achieved by shareholders of the Company, and to attract and retain employees and consultants with the knowledge, experience and expertise required by the Ascot Entities.

The Board uses RSUs and PSUs granted under the Share Unit Plan, as well as Options issued under the Stock Option Plan, as part of the Company’s overall executive compensation plan. Since the RSUs and PSUs represent rights, subject to satisfaction of certain vesting conditions, to receive common shares, RSUs and PSUs reflect a philosophy of aligning the interests of employees and consultants with those of the shareholders by tying the value of long-term compensation to the value of the common shares. In addition, RSUs and PSUs are subject to vesting conditions, which assists in the retention of qualified and experienced employees and consultants by rewarding those individuals who make a long-term commitment.

Eligible Participants

The Share Unit Plan is administered by the Compensation Committee. Employees and consultants of the Company and the Ascot Entities are eligible to participate in the Share Unit Plan. In accordance with the terms of the Share Unit Plan, the Compensation Committee will determine those employees and consultants who are entitled to receive RSUs and PSUs, the number of RSUs and PSUs to be awarded to each participant and the conditions and vesting provisions of those RSUs and PSUs. RSUs and PSUs awarded to participants are credited to them by means of an entry in a notional “share unit” account in their favour on the books of the Company.

Grant Process

The Compensation Committee has authority to make grants under the Share Unit Plan based on the compensation philosophy described in this Circular, including to determine the terms and conditions of grants granted to any participants, including: the type of share unit; the number of share units subject to the grant; the vesting periods applicable to a grant; the conditions to the vesting of any share unit, including terms related to performance conditions, times vesting or other vesting conditions, any multiplier that may apply, the performance period for PSUs and the conditions, if any, upon which vesting will be waived or accelerated (including change of control provisions); the circumstances upon which a share unit will be forfeited, cancelled or expire; the consequences of termination of service with the Company by a participant; the manner and time of exercise of settlement of vested share units; and any requirement for common shares delivered to be retained by a participant following receipt.

Vesting

The vesting of RSUs is conditional upon the expiry of a time-based vesting period. The duration of the vesting period and other vesting terms applicable to the grant of the RSUs shall be determined at the time of the grant by the Compensation Committee.

The vesting of PSUs is conditional upon the satisfaction of certain performance conditions, as set forth at the time of the grant of the PSU, which performance conditions can be any financial, personal, operational or transaction-based performance criteria as may be determined by the Compensation Committee in accordance with the Share Unit Plan. Performance conditions may apply to the Company, an Ascot Entity, the Company and Ascot Entities as a whole, a business unit of the Company or group comprised of the Company and some Ascot Entities or a group of Ascot Entities, either individually, alternatively or in any combination, and measured either in total, incrementally or cumulatively over a specified performance period, on an absolute basis or relative to a pre-established target or milestone, to previous years' results or to a designated comparator group, or otherwise, and may result in the percentage of vested PSUs in a grant exceeding 100% of the PSUs initially determined in respect of such grant.

The expiry date of RSUs and PSUs will be determined by the Compensation Committee at the time of grant, provided that where no expiry date is specified in a grant agreement for a grant, the expiry date of such grant shall be the fifth anniversary of the grant date. Unless otherwise determined by the Compensation Committee, the vesting period for any RSUs and PSUs shall not be later than December 15 of the third year following the year in which the participant performed the services to which the grant of the RSU or PSU relates.

Settlement

A participant who remains employed may exercise all or a portion of vested share units prior to their expiry date by delivery of a written notice specifying the number of share units being exercised. Where a participant fails to file an exercise notice with respect to vested share units prior to their expiry date, the participant is deemed to have filed an exercise notice to such vested share units on their expiry dates. See "*Cessation of Employment*" below for information in respect of the treatment of share units if a participant ceases to be employed in certain circumstances.

The Company shall, subject to applicable tax withholding or performance multipliers, issue one common share for each share unit that is exercised as soon as reasonably practicable and in any case within 60 days of receipt of the participant's exercise notice (or deemed exercise, if applicable). Share units are settled in common shares and can not be cash settled.

The value of a share unit on the grant date or vest date is determined based on the closing price of the common shares on the trading date immediately preceding the applicable date. Such value will not be realized until the share based award is fully vested and may be valued at more or less depending on the price of the shares at the time the participant exercises the share based award.

Maximum Number of Common Shares Issuable

RSUs and PSUs may be granted in accordance with the Share Unit Plan provided the aggregate number of RSUs and PSUs outstanding pursuant to the Share Unit Plan from time to time shall not exceed a number equal to 1.5% of the number of issued and outstanding Shares on a non-diluted basis at any time and from time to time, provided that the number of Shares issuable under all Share Compensation Arrangements shall not exceed 10% of the issued and outstanding Shares on a non-diluted basis at any time and from time to time.

The maximum number of common shares which may be reserved, set aside and made available for issuance under the Share Unit Plan is a number equal to 1.5% of the issued and outstanding common shares of the Company as of the date of the grant. All common shares that are subject to RSUs or PSUs that terminate or are cancelled prior to settlement are available for future grants.

The Share Unit Plan provides that the (a) maximum number of common shares issuable to insiders (as that term is defined by the TSX) pursuant to the Share Unit Plan, together with any common shares issuable pursuant to any other Share Compensation Arrangement of the Company (which includes the DSU Plan and the Stock Option Plan), and (b) the maximum number of common shares issued to insiders under the Share Unit Plan, together with any common shares issued to insiders pursuant to any other Share Compensation Arrangement within any one year period, will not exceed 10% of the total number of outstanding common shares; provided that for the purposes of determining whether the limitation set out in items (a) and (b) has been met any options, Shares, share units, deferred shares units or other awards involving the issuance or potential issuance of Shares that are granted or issued in reliance on Section 613(c) of the Toronto Stock Exchange Company Manual shall, notwithstanding the definition of Share Compensation Arrangement or any other provision of the Share Unit Plan, be included (and not excluded). The Share Unit Plan does not otherwise provide for a maximum number of common shares which may be issued to an individual pursuant to the Share Unit Plan and any other Share Compensation Arrangement (expressed as a percentage or otherwise).

Cessation of Entitlement

Subject to the terms of a participant's written employment agreement with the Company or a Ascot Entity and the relevant grant agreement, in the event a Share Unit Plan participant's services as an employee or consultant with the Company or a Ascot Entity is terminated by the Company or a Ascot Entity without cause, the participant voluntarily terminates his or her services, or the services are otherwise terminated as set forth in the Share Unit Plan, all RSUs or PSUs of such participant that are not then vested shall be forfeited unless otherwise determined by the Compensation Committee.

Subject to the terms of a person's employment agreement with the Company or an Ascot Entity, and unless otherwise determined by the Compensation Committee in accordance with the Share Unit Plan, if a participant's services as an employee or consultant are terminated for cause by the Company or any Ascot Entity, all RSUs and PSUs, whether or not vested, shall terminate and be forfeited.

If a participant's RSUs or PSUs would be exercised within a "blackout period" (as defined in the Share Unit Plan) applicable to such participant, such settlement shall be postponed until the first trading day following the date on which the relevant blackout period has expired.

Change of Control

In the event of a Change of Control, subject to the terms of a participant's written employment agreement with the Company or an Ascot Entity and the grant agreement in respect of the grant of a RSU or PSU, the Compensation Committee may determine, in its sole discretion: (a) that all RSUs and/or PSUs that have not previously vested shall vest on the effective date of the Change in Control, provided that, in the case of a grant of PSUs, the total number of PSUs that vest shall be the number of PSUs covered by such grant without giving effect to any potential increase or decrease in such number as a result of graduated performance conditions permitting vesting of more or less than 100% of such PSUs (which vested RSUs and/or PSUs will be settled through the issuance of common shares immediately prior to the effective time of the Change of Control, as determined by the Compensation Committee in its sole discretion); or (b) that for any RSU or PSU there shall be substituted an entitlement to such other securities into which common shares are changed, or are convertible or exchangeable, or a cash payment based on the value of such other securities, on a basis proportionate to the number of common shares to which the participant would otherwise be entitled or some other appropriate basis.

For the purposes of the Share Unit Plan, "**Change of Control**" means (i) an amalgamation, merger or consolidation of the Company with any other corporation (otherwise than pursuant to an internal corporate reorganization that would not affect control of the Company); (ii) the liquidation, dissolution or wind-up of the Company; (iii) the sale or conveyance of all or substantially all of the property or assets of the Company; (iv) the acquisition of shares, or the right to acquire shares, of the Company as a result of which any person or group would beneficially own shares

entitling such person or group to cast more than 50% of the votes attaching to all shares in the capital of the Company, by way of an offer, an arrangement or otherwise; or (v) any other transaction the Board deems to be a Change of Control for the purposes of the Share Unit Plan.

Transferability

RSUs and PSUs are not assignable or transferable other than by operation of law, except, if and on such terms as the Company may permit, to an individual who has been designated by a participant, in such form and manner as the Compensation Committee may determine, to receive benefits payable under the Share Unit Plan upon the death of the participant, or, where no such designation is validly in effect at the time of death, the participant's legal representative.

Dividends

On any payment date for dividends paid on common shares, a participant in the Share Unit Plan will be granted dividend equivalent RSUs or PSUs as of the record date for payment of dividends. The number of such additional RSUs and PSUs will be calculated based on the fair market value of a common share on the date that the dividend is paid.

Amendments to the Share Unit Plan

The Share Unit Plan and any grant of an RSU or PSU made pursuant to the Share Unit Plan may be amended, modified or terminated by the Board without approval of shareholders, provided that no amendment to the Share Unit Plan or grants made pursuant to the Share Unit Plan may be made without the consent of a participant if it adversely alters or impairs the rights of the participant in respect of any grant previously granted to such participant under the Share Unit Plan (except that participant consent shall not be required where the amendment is required for purposes of compliance with applicable law).

In addition, the following amendments may not be made without shareholder approval:

1. an increase in the number of common shares reserved for issuance pursuant to the Share Unit Plan;
2. changes to the amendment provisions granting additional powers to the Board to amend the Share Unit Plan or entitlements thereunder;
3. changes to the insider participation limits;
4. any extension of the expiry date of any RSUs or PSUs;
5. any change to the categories of individuals eligible for grants of RSUs or PSUs where such change may broaden or increase the participation of Insiders under the Share Unit Plan; or an amendment that would permit RSUs or PSUs to be transferrable or assignable other than for normal estate settlement purposes.

For greater certainty and without limiting the foregoing, shareholder approval shall not be required for the following amendments and the Board may make the following changes without shareholder approval, subject to any regulatory approvals including, where required, the approval of the TSX or other applicable stock exchange:

1. amendments of a "housekeeping" nature;
2. a change to the vesting provisions of any grants;
3. a change to the termination provisions of any grant that does not entail an extension beyond the original term of the grant; or
4. amendments to the provisions relating to a Change of Control.

SUMMARY OF THE DSU PLAN

Set out below is a summary of the DSU Plan.

Background

The Board has adopted the DSU Plan for the benefit of the Company's non-executive directors, including any non-executive Chair of the Board (the "**Participants**"). The DSU Plan has been established to promote a greater alignment of long-term interests between Participants and the shareholders of the Company, and to provide a compensation system for Participants that, together with the other compensation mechanisms of the Company, is reflective of the responsibility, commitment and risk accompanying Board membership and the performance of the duties required of Participants.

The Board intends to use the DSUs issued under the DSU Plan as part of the Company's overall equity compensation plan. DSUs may be settled in cash or in common shares issued from treasury, as determined by the Board. Since the value of DSUs increase or decrease with the price of the common shares, DSUs reflect a philosophy of aligning the interests of Participants with those of the shareholders by tying compensation to share price performance.

Administration of Plan

The Board may, in its discretion, delegate such of its powers, rights and duties under the Plan, in whole or in part, to a committee of the Board or any one or more directors, officers or employees of the Company as it may determine from time to time, on terms and conditions as it may determine, except the Board shall not, and shall not be permitted to, delegate any such powers, rights or duties to the extent such delegation is not consistent with Applicable Law. Subject to the foregoing, the Board shall, in its sole and absolute discretion: (i) interpret and administer the Plan; (ii) establish, amend and rescind any rules and regulations relating to the Plan; and (iii) make any other determinations that the Board deems necessary or desirable for the administration of the Plan.

Payment of Annual Cash Remuneration

"**Annual Cash Remuneration**" means all amounts ordinarily payable in cash to the Participant by the Company in respect of the services provided by the Participant to the Company in connection with such Participant's service on the Board in a fiscal year, including without limitation (i) the Cash Retainer, (ii) the fee for serving as a member of a Board committee; (iii) the fee for chairing a Board committee; (iv) meeting and per diem fees, which amounts shall, unless otherwise determined by the Board, be payable Quarterly in arrears.

A Participant may elect to receive his or her Annual Cash Remuneration in the form of DSUs, cash or any combination thereof.

A DSU is a unit credited to a Participant by way of a bookkeeping entry (in a notional account in favour of the participant) (a "**DSU Account**") in the books of the Company, the value of which is equivalent to a Common Share (based on the closing trading price of the common shares on the TSX on the immediately preceding trading date, being the "fair market value" as defined in the DSU Plan, on the date on which the DSUs are credited).

Deferred Share Units

The Board may award such number of DSUs to a Participant as the Board deems advisable to provide the Participant with appropriate equity-based compensation for the services he or she renders to the Company. Subject to Applicable Law, the Board shall determine the date on which such Deferred Share Units may be granted and the date as of which such Deferred Share Units shall be credited to a Participant's Deferred Share Unit Account, together with any terms or conditions with respect to the vesting of such Deferred Share Units.

Notwithstanding any other provision hereunder, at the discretion of the Board, a Participant may receive a grant of Deferred Share Units under the Plan upon such Participant's first election or appointment to the Board provided that, where such Deferred Share Units may be settled in Shares, the equity award value, based on grant date fair value, of such grant of Deferred Share Units, in combination with the equity award value, based on grant date fair

value, of any grant made to a Participant who is an Eligible Director in respect of his or her first election or appointment to the Board under any other Share Compensation Arrangement shall not exceed \$150,000.

Elected DSUs will be fully vested upon being credited to a participant's account and the Participant's entitlement to payment of such DSUs at their termination date is not subject to the satisfaction of any requirements as to any minimum period of membership on the Board. As of the date of this Circular, all of the 1,895,375 issued and outstanding DSUs are fully vested, but are not settled until the Termination Date (as defined herein).

Maximum Number of Common Shares Issuable

DSUs may be granted in accordance with the DSU Plan, provided the aggregate number of DSUs outstanding pursuant to the DSU Plan from time to time that are eligible to be settled through the issuance of common shares does not exceed 1% of the number of issued and outstanding Shares on a non-diluted basis at any time and from time to time, provided that the number of Shares issuable under all Share Compensation Arrangements shall not exceed 10% of the issued and outstanding Shares on a non-diluted basis at any time and from time to time. All common shares subject to DSUs that terminate or are cancelled without being settled shall be available for any subsequent grant.

Excluding any DSUs granted to a Participant under an election to receive DSUs in lieu of Annual Cash Remuneration, the aggregate equity award value, based on grant date fair value, of any grants of DSUs that are eligible to be settled in Shares, in combination with the aggregate equity award value, based on grant date fair value, of any grants under any other Share Compensation Arrangement, that may be made to a Participant who is an Eligible Director for a year shall not exceed \$150,000.

The DSU Plan provides that the (a) maximum number of common shares issuable to insiders (as that term is defined by the TSX) pursuant to the DSU Plan, together with any common shares issuable pursuant to any other Share Compensation Arrangement (which includes the RSU Plan and the Option Plan), and (b) the maximum number of common shares issued to insiders under the DSU Plan, together with any common shares issued to insiders pursuant to any other Share Compensation Arrangement within any one year period, will not exceed 10% of the issued and outstanding common share; provided that for the purposes of determining whether the limitation set out in paragraphs (a) and (b) has been met options, Shares, share units, deferred shares units or other awards involving the issuance or potential issuance of Shares that are granted or issued in reliance on Section 613(c) of the Toronto Stock Exchange Company Manual shall, notwithstanding the definition of Share Compensation Arrangement or any other provision of the DSU Plan, be included (and not excluded).

Redemption of DSUs

Generally, a Participant in the DSU Plan who is not a US taxpayer shall be entitled to elect, by filing a notice with the Secretary of the Company, up to two dates (each an "**Entitlement Date**"): following the date of his or her death or retirement from, or loss of office or employment with the Company or a corporation related to the Company for purpose of the Income Tax Act (Canada) (the "**Termination Date**") as of which the DSUs credited to such participant shall be redeemed. Under the DSU Plan, a participant's Entitlement Date shall be before the date that is three months after the participant's Termination Date and no later than the date which is 12 months after such Termination Date.

Under the Amended and Restated DSU Plan, if approved, a participant's elected Entitlement Date(s) shall not be later than December 15 of the calendar year following the year in which his or her Termination Date occurs, or earlier than three months after such Termination Date. Where a participant is eligible to file one or more election notices to redeem his or her DSUs but fails to do so, such participant's Entitlement Date shall be deemed to be December 15 of the calendar year following the year in which his or her Termination Date occurs.

Notwithstanding anything contrary in the DSU Plan, the Entitlement Date of a US taxpayer shall be the first trading day of the common shares that is more than six months after the Participant's Termination Date and all DSUs credited to such US taxpayer's DSU Account on such date shall be redeemed and settled in accordance with the DSU Plan within 90 days following such Entitlement Date.

In no event will any common shares be issued or cash payments made to or in respect of a participant in the DSU Plan prior to such participant's Termination Date or after December 31 of the calendar year commencing after such Termination Date.

Transferability

No right to receive payment of deferred compensation or retirement awards shall be transferable or assignable by any Participant except by will or laws of descent and distribution.

Adjustments and Reorganizations

Notwithstanding any other provision of the DSU Plan, in the event of any change in the common shares by reason of any stock dividend, split, recapitalization, reclassification, amalgamation, arrangement, merger, consolidation, combination or exchange of Shares or distribution of rights to holders of common shares or any other form of corporate reorganization whatsoever, an equitable adjustment permitted under applicable law shall be made to any DSUs then outstanding. Such adjustment shall be made by the Board, subject to applicable law, shall be conclusive and binding for all purposes of the DSU Plan.

Dividends

On any payment date for dividends paid on Shares, a Participant shall be credited with dividend equivalents in respect of Deferred Share Units credited to the Participant's Account as of the record date for payment of dividends. Such dividend equivalents shall be converted into additional Deferred Share Units (including fractional Deferred Share Units) based on the Fair Market Value as of the date on which the dividends on the Shares are paid.

Amendments to the DSU Plan

The Board may without shareholder approval amend, suspend or cancel the DSU Plan or DSUs granted thereunder as it deems necessary or appropriate, provided that: (a) any approvals required under applicable law or the rules and policies of the TSX are obtained; (b) shareholder approval will be sought where the proposed addition or amendment results in: (i) an increase in the maximum number of common shares issuable from treasury under the DSU Plan; (ii) a change in the definition of "fair market value" (as defined in the DSU Plan) which would result in an increase in the value of DSUs redeemed under the DSU Plan; (iii) a change in the term of any DSUs; (iv) an amendment to the amending provisions of the DSU Plan so as to increase the Board's ability to amend the DSU Plan without shareholder approval; (v) a reduction in the fair market value in respect of any DSUs benefitting a participant; (vi) any change to the categories of individuals eligible to be selected for grants of DSUs where such change may broaden or increase the participation of insiders under the DSU Plan; (vii) any amendment to remove or exceed the insider participation limits set out in Section 2.4(d) of the DSU Plan; or (viii) an amendment that would permit DSUs to be transferrable or assignable other than for normal estate settlement purposes; and (c) no such amendment shall, without the consent of the Participant or unless required by law, adversely affect the rights of a Participant with respect to any amount in respect of which a Participant has then elected to receive Deferred Share Units or Deferred Share Units which the Participant has then been granted under the Plan.

Notwithstanding the foregoing, any amendment of the DSU Plan shall be such that the DSU Plan continuously meets the requirements of paragraph 6801(d) of the regulations under the Income Tax Act (Canada) or any successor to such provision and the requirements of Section 409A of the U.S. Internal Revenue Code of 1986, as may apply to eligible participants under the DSU Plan who are US taxpayers.

DISCLOSURE OF CORPORATE GOVERNANCE PRACTICES

The Company's Board is committed to sound corporate governance practices which are both in the interest of its shareholders and contribute to effective and efficient decision making. National Policy 58-201 *Corporate Governance Guidelines* establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines to ensure compliance, however, in certain circumstances, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development, and therefore some guidelines have not been adopted as outlined in the discussion below. The Board will continue to review with management the corporate governance practices of the Company.

In accordance with National Instrument 58-101 *Disclosure of Corporate Governance Practices*, the Company is required to disclose, on an annual basis, its approach to corporate governance. The Governance and Nomination Committee continuously monitors corporate governance recommendations and has adopted robust corporate governance practices including:

- ✓ Ensure director independence and independent Chair of the Board; in-camera discussions at every board meeting and majority of committee meetings.
- ✓ Established independent committees – Audit, Compensation, Governance and Nomination, Finance, Disclosure and Health, Safety, Environmental & Technical
- ✓ Annually assess board and committee skills matrix and performance; monitor attendance and any potential for over-boarding and conflicts of interest
- ✓ Support diversity while seeking out most qualified director and officer candidates
- ✓ Written mandates for the Board, Chair of the Board, Chairs of Board Committees and CEO
- ✓ Continuing education for directors; strategy sessions at site; director rotation through committees
- ✓ Succession planning for board and CEO

COMPOSITION AND INDEPENDENCE OF THE BOARD OF DIRECTORS

The Company's Board is currently comprised of seven directors. As set out in the table under the heading *Election of Directors* above, all seven of the current directors are proposed to be nominated for election at the Meeting. On February 17, 2023, Messrs. Altmann and Marún were appointed to the Board pursuant to a strategic investment by Ccori Apu S.A.C. and Messrs. Carter and Stypula resigned from the Board concurrently with their appointments. The Board considers that all seven current directors (100%) are independent in accordance with the definition of "independence" set forth in National Instrument 52-110 – *Audit Committees* ("NI 52-110").

Board Skills and Experience

The Governance and Nomination Committee assesses directors annually on their individual qualifications, experience, expertise, leadership, continuity and historical understanding of our business and relationships, especially as these pertain to strategic matters. The Governance and Nomination Committee also considers other

criteria such as background, diversity, integrity, professionalism, values and independent judgement to ensure the Company is governed at the highest level in order to achieve the best business outcomes while adhering to corporate governance guidelines. The Governance and Nomination Committee recommends director nominees who possess a mix of experience and expertise, balanced with some overlap, that is relevant to the Company and its operations. The Board reviews the slate of nominees to determine whether it reflects the mix of competencies it believes is necessary for fulfilling its duties and responsibilities in overseeing the Company’s strategic direction, management and corporate affairs. The bar graph below shows fifteen categories of skills and experience important to the Company’s business and governance (along the vertical axis) and the number of director nominees who possess those skills and experience (along the horizontal axis). The biographies outlined in the Election of Directors (see pages 11 to 13), indicate the nominated directors’ individual skills and qualifications based on professional designations and/or career experience.

The nominees were asked to provide their experience level under each category below:

Based on the Governance and Nomination Committee’s annual review of skills of the incumbent directors and its annual assessment of any additional capacities needed on the Board, the Governance and Nomination Committee believes that the nominated directors have the appropriate skills for the Company’s current needs.

Board Meetings

The Company holds regular quarterly board meetings and other meetings as required, at which the opinion of the independent directors is sought and duly acted upon for all material matters related to the Company. In-camera sessions are held at every scheduled board and committee meeting and separate in-camera meetings of independent directors may also be scheduled if the need arises to facilitate communication amongst the directors without the presence of management, non-independent directors and any directors with a conflict related to the topic of discussion. When the Board or a committee meets in-camera, any management representatives, non-independent directors, including the CEO, and any persons that have an interest with respect to the matter being discussed are asked to step out of the meeting. In the event that any of the non-independent persons are specifically requested to stay, the non-independent directors resume a full in-camera session prior to the completion of the meeting. The Board therefore believes that adequate structures and processes are in place to facilitate the functioning of the Board with a level of independence from the Company’s management and non-independent directors. The in-camera sessions mandated at the end of every board and committee meeting ensures that open and candid discussion amongst independent directors is not inhibited by the presence of a non-independent

director. If the Board believes it is necessary to exclude any non-independent directors from a regularly scheduled meeting, those non-independent directors are asked not to attend.

Mr. Zimmer, an independent director, is the non-executive Chairman of the Board and presides as such at each Board meeting. Mr. Zimmer facilitates the meetings and actively seeks out the views of the independent directors on all Board matters. All of the directors actively participate in Board discussions and any issues are thoroughly canvassed. Mr. Zimmer regularly interacts with members of management with respect to matters related to strategic planning and decision making, compensation, corporate governance and new business opportunities. He also acts as liaison between management and the Board.

The Board conducts extensive budget and business reviews with management and regularly approves the budget and any budget revisions as a means of monitoring Company and management activities.

Robust strategic planning in respect of the Company's exploration and development initiatives on its mineral properties, its partners, financing opportunities, M&A opportunities, corporate governance structures, approach to compensation, succession and its business in general, is regularly undertaken by the entire board and is informed by management's analysis and by the work of the Company's committees and advisors. The directors all participate in animated debate on the relevant issues to distill the best ways to plan and proceed.

Board Tenure and Independence

The Board has not adopted formal policies imposing director term limits in connection with the individuals nominated for election as the Board recently changed and tenure ranges from 4 months to 6 years as at the date of

this info circular. The Governance and Nomination Committee annually reviews the composition and expertise of the Board, including the age and tenure of individual directors (see *Assessments* below). The Board strives to achieve a balance between the desirability to have a depth of experience from its members and the need for renewal and new perspectives (see *Board Skills and Experience* above). All seven nominees are considered independent.

Overboarding: Serving on Other Publicly Traded Company Boards

In mid 2021, the Board implemented a process to avoid having directors become overboarded and possibly unable to participate fully in the stewardship of the Company. The process involves each director notifying the Chair of the Board and the Chair of the Governance and Nomination Committee prior to joining another board. The Governance and Nomination Committee will make an assessment to determine if the new board will affect the ability of said director to perform their duties or if a conflict of interest is considered to exist. The director is to be notified of the assessment results as soon as possible.

Directors will be considered overboard if they sit on a number of boards that result in excessive time commitments. The Board has mandated that without written approval from the Chair of the Board:

- (i) No director may serve on more than four public company boards (including the Company's Board) and no member of the Audit Committee may serve on more than three public company audit committees (including the Company's Audit Committee); and
- (ii) No director who serves in the position of CEO, or an equivalent position at a public company, may serve on more than two public company boards (including the board the company where they serve as CEO or a similar position).

The Governance and Nomination Committee and the Board will consider the nature of and time involved in a director's service on other non-public company boards or in other organizations when evaluating the suitability of nominee directors and making recommendations to the Company shareholders for election.

While some of the Company's directors have more directorships than others, these directors have retired from executive positions and therefore have more time to spend on the activities of the companies for which they sit. At this time none of the seven nominees are considered to be overboarded.

Board Advisors

Mr. David Bell, Managing Director at Beedie Investments Ltd., has served as an advisor to the Board since 2020.

Board Mandate

The Board adopted a written mandate on July 5, 2018, whereby the Board assumes responsibility to further the objectives of the Company by directing, supervising and otherwise reviewing and approving the stewardship of the Company. The fundamental responsibility of the Chair of the Board is to ensure that the responsibilities of the Board are well understood by both the Board and management, the boundaries between the Board and management are clearly understood and respected, and the Board carries out its responsibilities effectively. Management Supervision by the Board of Directors

The size of the Company is such that all of the Company's operations are conducted by a small management team. The Board believes that management is effectively supervised by the independent directors on an informal basis since the independent directors are actively and regularly involved in reviewing the operations of the Company and have regular and full access to management. Further supervision is performed through the Company's Audit Committee. To assist the Board in its oversight responsibilities, the Board, Audit Committee, Compensation Committee, Governance and Nomination Committee and Finance Committee will hold in-camera sessions regularly to facilitate open and candid discussion amongst the independent directors without the presence of management, non-independent directors and any directors with a conflict related to the topic of discussion.

Board and CEO Succession Planning

While the Company does not have an official policy on succession planning, process is in place to ensure the Company will not be without the necessary Board and/or CEO should a vacancy arise. On an annual basis, the Governance and Nomination Committee considers the stage of the Company to identify the skillsets, experience and individuals that will enhance the proficiency and effectiveness of the board and the position of CEO. The Company's process involves: a) annual review of the skillsets required for directors; b) consideration as to whether there is a need to use a third party recruitment agency for peer review and/or to fill any vacancies; c) maintaining a list of potential candidates for Board and the executive team; and d) ongoing training of internal staff to provide future personal growth opportunities within the organization. The Governance and Nomination Committee has also determined that the Company may wish to rely on one or more of the board members to provide temporary services to management in the event of a sudden departure of the CEO.

While the Company does not yet have a formal orientation and training programs, new directors are provided with:

1. information with respect to the functioning of the Board and its committees, and copies of the Company's policies;

By using a board of directors composed of experienced professionals with a wide range of financial, legal, exploration and mining expertise, the Company ensures that the Board operates effectively and efficiently. The Governance and Nomination Committee will review, approve and report to the Board on plans for the ongoing development of existing board members including the provision of continuing education opportunities for all directors, so that individuals may maintain or enhance their skills and abilities as directors, as well as ensure their knowledge and understanding of the Company’s business remains current.

Diversity

The Company believes in diversity and values the benefits that diversity can bring to its board of directors, our senior management team and within its entire organization. Diversity promotes the inclusion of different perspectives and ideas, mitigates against groupthink and ensures that the Company has the opportunity to benefit from all available

talent. The Company approved a Board and Senior Management Diversity Policy on July 5, 2018 and reviews the policy annually, making amendments as necessary. On August 31, 2020, the Board reviewed the policy and determined it is appropriate to apply it at all levels of the corporation revising it and renaming it the “Diversity Policy”.

The Diversity Policy defines “diversity” as any dimension which can be used to differentiate groups and people from one another, and it means the respect for and appreciation of the differences in gender, age, ethnicity, race, aboriginal status, language, religion, education, sexual orientation, age, disability or other areas of potential difference. The full Diversity Policy can be found on the Company website.

Policies Regarding the Representation of Women on the Board and across the organization

The adopted Diversity Policy recognizes and embraces the benefits of having diversity on the Board, and throughout its entire organization, including but not limited to gender diversity. The Board believes gender diversity is a significant aspect of diversity and acknowledges the role that women can play in contributing to diversity of perspective in the boardroom and throughout the organization.

The objective of the Diversity Policy, as it relates to women on the Board, in senior management and throughout the organization, is to ensure that gender diversity is taken into account when reviewing board, senior management and staff composition and that there is a required identification of women candidates embedded in the director nomination and executive level appointment process of the Governance and Nomination Committee as well as within the entire organization.

Selection of female candidates to join the Company, at every level, will be, in part, dependent on the pool of female candidates with the requisite skills, knowledge and experience. The ultimate decision will be based on merit and the contribution the chosen candidate will bring to the Company.

Targets Regarding the Representation of Women on the Board, and within the Corporation

In early 2022, the Board set a specific target for women on the Board of 30%. The Company does not have a specific target set for within its entire organization. At the date of this Circular, the Board consists of 7 directors, of which 2 directors are female, being 29% female representation on the Board. There was approximately 40% female representation throughout the Company at December 31, 2022 (including board appointed officers of which 2 of 6 are female).

On an annual basis, the Governance and Nomination Committee assesses the effectiveness of the Company’s performance in meeting the objectives outlined in the Diversity Policy. In 2022, at Ascot, women represented approximately 42% and Nisga’a represented 38% of the Company. The Board has oversight of any diversity initiative implemented by management and will monitor measurable goals for achieving the objectives established for the initiative.

The Company has had female leadership in director and executive officer positions and as part of the Company’s desire to facilitate gender diversity on the Board and in management roles, the Company also:

- (a) considers policies which address impediments to gender diversity in the workplace and review their availability and utilisation;
- (b) regularly reviews the proportion of women at all levels of the Company;
- (c) monitors the effectiveness of, and continue to expand on, existing initiatives designed to identify, support and develop talented women with leadership potential; and
- (d) continues to identify new ways to entrench diversity as a cultural priority across the organisation.

Shareholder Engagement

Members of management and the Board proactively engage with Shareholders to solicit feedback on its governance and compensation practices and to the extent possible or appropriate, the Company considers feedback from such meetings in refining the Company's policies, practices and/or public disclosures. Each year, the Governance and Nomination Committee determines the most suitable approach for assessments.
